Best suited for one-time implementation, consulting, Break-fixes  
(For help desk / Hourly Basis services)

### Monthly subscription fee

Used for managing servers and/or complete infrastructure with per device monthly fixed charges.  
(For NOC & RIM Services)

## MSP PARTNERSHIP

### How it helps your business succeed

#### Data Transformation

Through out cutting-edge technology, we will transform your data and convert it to more organized documents.

#### Digital Enablement

Enhance your manual services by associating and converting them with streamlined digital processes.

#### MSP Partnership

Create and develop new ideas in your business system through collaboration with IT professionals.

## OUR HISTORY

The journey was started in early 2015 by providing IT support services to local small and midsize businesses.

In 2017, we got registered as a Managed IT services provider and, moved ahead to fill the technology gap in SMBs

In early 2020, we set up a NOC center & launched our cloud-based solutions for remote infrastructure management.

## OUR VISION

At HEX64, our goal is to help startups, businesses, and companies reach their full potential by providing managed IT services and solutions.
